

Sponsorships and Donations

Application form for funding up to \$3,000

The Bylong Coal Project is committed to creating long-term social and economic benefits for the region and this includes supporting worthwhile community initiatives and programs. Our focus is to support initiatives that directly benefit our local community.

BYLONG PROJECT PRIORITIES

Applications which support one of the Bylong Coal Project priority areas will be given a higher scoring in the assessment of applications:

- Education and childcare
- Community health
- Community wellbeing

DEFINITION OF SPONSORSHIP CATEGORIES

Event sponsorship – This includes support for both one-off and recurring events. Recognition could include naming rights (depending on level of support), materials to include logo and name, passes to the event, opportunities to promote the Bylong Coal Project at the event, and representation in advertising. Event sponsorship may provide exposure to people outside the region.

Project sponsorship – This includes support of a particular project and is normally a one-off request. It is likely to be the construction or funding towards the construction/creation of a project and provides long-term recognition of the Bylong Coal Project.

Program sponsorship – A program sponsorship provides an opportunity to support ongoing activities including (but not limited to) youth sports programs, school breakfast clubs, book clubs through local libraries, girl guides, scouts, sponsorship of school end of year awards.

Site sponsorship – This could include a banner ad or placement of a logo in a prominent position at the local sports club or community venue. Highly visible sites and areas which have high patronage are desirable to secure and assist in promoting the Bylong Coal Project name.

Donations

Donations are a gift or contribution to an organisation, event or private individual without recognition or conditions/restrictions attached to the gift. A donation may be financial or in-kind assistance but there is no requirement of the recipient to advertise the assistance. Donations are usually philanthropic contribution or gift to a charity or organisation with Deductible Gift Recipient (DGR) status.

ELIGIBILITY CRITERIA

The area in which the Bylong Coal Project may be developed has a wide and economically diverse range of stakeholders. It is important to apply clear guidelines to evaluate investment applications to assist in ensuring a quantifiable benefit to both parties.

As such, an assessment tool has been developed to measure the suitability of all applications against the following criteria:

1. Promotes the Bylong Coal Project's mission and objectives.
2. Presents value for money
3. Helps build a relationship with stakeholders
4. Provides significant benefit to the community
5. Provides positive exposure

Assessment will be conducted by the Community and Stakeholder Engagement team and a recommendation for approval will be provided to KEPCO for consideration. KEPCO will review the assessment and recommendation and make a decision to approve or decline the request. Applicants will be advised of the outcome of their application within four weeks of the closing date.

Submission Details

Please return your completed application, including documents to support your request for funding, to:

By email: bylong@worleyparsons.com
